

Newsletter #13
December 2024

[Subscribe](#)

Dear all,

As December 2024 marks the halfway mark of the EU GREEN alliance, the holiday season is the perfect time to pause, say thank you, and prepare for the upcoming challenges: a huge thanks to all of you for your dedication and hard work.

Let's keep sharing, innovating, and inspiring each other as we move forward towards a greener future.

In 2025 we will meet again for the 3rd Research Week, and we will see the 2nd generation of "seed" projects take roots as the laureates of the 2024 call kickstart their work; but we'll also see some firsts in the EU GREEN life : for instance the first alliance-wide "3-minute fame contest", which will put the spotlight on our young researchers.

Thank you for being part of this journey.

Wishing you a joyful holiday season and a wonderful New Year

WP3 Team

Laureates of the procedure to leverage joint research activities 2024

The results of the 2024 selections are now published. Congratulations again to all who participated for their work and efforts on these high quality applications.
